- Select **Subscribe** or **Add to Favorites** on our channel page.
  - Next time, open **Subscriptions** or **Favorites**.
- 

# Frequent Questions

## Do I have to subscribe to view?

No — you do not have to subscribe to watch. Subscribing will make it easier to return to the channel and to know when new content is posted. Subscribing is totally optional.

## Do I have to subscribe to comment?

No — you do not have to subscribe to comment or live chat.

YouTube only requires that you are **signed in with a Google account** (Gmail or other email address registered as a Google account).

Sometimes YouTube shows a message near the comment box that makes it look like you must subscribe. What it really means is:

- You must be **logged in** to comment
  - The **Subscribe** button is simply shown nearby
- 

## Live Chat vs. Comments

YouTube offers two ways to interact during a service:

### 1. Live Chat (during the livestream)

- **Live Chat** is where you can say "Good Morning" and talk to others in real-time.
- Messages appear instantly while the service is happening
- Only available **while we are live**
- If "Live Chat Replay" is turned on, you can watch the chat scroll later

### How to Reply to a Friend in Live Chat:

- On a computer: Hover over their message and click the **curved arrow**.
- On a phone: **Tap** their message and select **Reply**.
- This puts their name in your message so they know you are talking to them!

## 2. Comments (before, during, or after the service)

- Found **below the video**, similar to Facebook posts
- You can leave a comment anytime
- Comments stay on the video unless removed by the commenter or the church

Here are the final, concise additions for your guide, specifically tailored to be clear and easy for seniors to follow.

# Quick Fixes (Troubleshooting)

## No Sound?

Look for the small speaker icon at the bottom of the video player. If it has an "X" next to it, click it to turn the sound on. Also, check your device or TV volume remote.

## Video Frozen?

Click the **Refresh** button (the circular arrow) at the top of your browser. If on a TV or Phone, close the YouTube app and open it again.

## Can't Find the Service?

Look for the video with the red **Live** or **Upcoming** label.
